- Provided a great study guide for the midterm and final. Class discussion is good. He engages with students and prompts for student involvement.
- He is nice and teaches well, just needs a little bit more in his teachings.
- Nick is an extremely intelligent and capable TA... always kept us intrigued and on track, despite everyone being dead inside due to the late time of the class (he held 6pm, 7pm and 8pm sections). Funny yet never off-topic, and managed class time efficiently in a manner that encouraged us to participate and simultaneously learn the material. Definitely loved Nick as a TA!
- Makes himself very accessible, therefore students are not afraid to speak up and ask for help. Is very helpful, presents material very clearly. Finds new ways to help students understand the subject matter. Overall great TA, really helped me better understand the lectures.
