- Nick Jenkins was a good TA. He was always very approachable in discussion sessions especially when I struggled with certain concepts discussed in lecture. Overall I would say it was a good experience having him as my TA.
- My TA clarified many of the subjects I did not understand from lecture which was very helpful. He thoughtfully helped us understand what was expected of us for our midterms/final test/final paper. He explained every assignment and tried to help us as much as he could. He was an overall effective teacher.
